Dear Bob,

It's time again for my monthly late letter! This time it's with only a 1/4 page Ad. Hopefully next month I'll have something new to announce.

Things have been going pretty well this month (for a change!). Now if only I could find the time to do some creative work, I might make a go of this business.

Anyway, a few people have asked me for more info on the On-board subs, and I suggested they get in touch with you. Unfortunately, they were a little disappointed that they had to spend another \$35 to get reasonable documentation. I was wondering if you might not get a little better response to this product if a couple of bucks were knocked off (I should probably do the same thing).

If I weren't so busy I might attempt a rewrite of the thing, but I'm having enough trouble doing all the rest of this stuff. Well, so much for that topic.

I got a call the other day from a guy named Rizzo, or something close to that, from New York. He said he'd mailed a check for an MLM on the 5th of May, and wanted to add Goldfish to his order. Anyway, I have yet to receive anything with his name on it, and I wonder if they (both checks) might have been sent to you by mistake. He didn't leave an address or phone number so I have no way of getting back to him so that we can even start any kind of contingency operation. So, if you know who it is I'm talking about, or if his orders should turn up on your doorstep, would you please let me know? Thanks.

Well, that wraps it up for this month. I'll really try to get this done before this time next month. Honest!

Sincerely,

A handwritten signature in dark ink, appearing to read 'Andy', with a long, sweeping underline that extends to the left and then curves back under the name.
